THE SIMPLY COTSWOLD COLLECTION  
Mattress care guide and guarantee information

# Your mattress comes with a 2-Year manufacturer's guarantee

To help prolong the life of your mattress and maintain the quality of your sleep, we recommend the following care instructions.

- Once delivered it is a good idea to leave your mattress to air and rest for several hours. Allowing additional time to air when changing the bedding is also recommended
- We recommend turning your mattress once every two weeks for the first few months, and monthly thereafter. This helps the fillings to move and ensures long-lasting comfort
- After the first six months, we recommend rotating your mattress from top to bottom twice a year. No flipping required for your convenience
- Please never try to fold or bend your mattress as this will cause damage
- To clean, please only use a soft brush, as hoovering, however gentle, will damage it
- We recommend a mattress protector for all our mattresses to help protect against accidental spills and staining

**If you require any additional information or have any queries please call our
